Prepare court documents to be e-filed

To e-file your court documents, they must be saved as a text-searchable **PDF** file, whether you start from a fillable PDF, handwritten form, or Word document.

➔ Fillable PDF forms

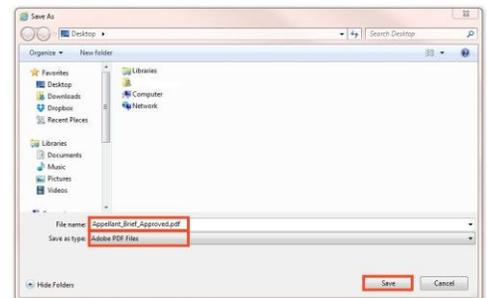

1. A Fillable PDF form is an electronic document that allows you to type in your information in the shaded boxes. To e-file this document, you want to make sure the document is no longer fillable (so no one can type anything else).
2. You can save your document while you are working on it by clicking **File** then **Save As**. This keeps the fields fillable meaning you can keep typing in the document.
3. Once you have finished working on your document, click **File** then **Print**. This does not mean you are going to print the document. This is just the way to save the document in the right format and so that no one can type anything else in the document.

If your form is a Court Form found at <http://www.illinoiscourts.gov/Forms/approved/default.asp> the fillable PDF form has the "Print Form" and "Save Form" boxes at the bottom of your document and you can click **Save Form** to save your work while you are finishing your document or **Print Form** when you are ready to save it to file it.

4. When the "Print" box pops up click on the printer/destination labeled **Adobe PDF** or **Save as PDF**. Click on **Print** or **Save** or **OK**.
5. A "Save As" box will pop up. When it does, name your file. You can choose to name it anything, but it should be something that helps you and the court identify the document.
6. Make sure the "Save as type" box (under your file name) says PDF or Adobe PDF. Click **Save**.
7. Your document is now saved as a PDF on your computer.

You may now e-file your court documents.

Handwritten forms

If you filled in your forms by hand, you will need to scan and save them as a PDF to a computer.

1. Take your handwritten document to a scanner. Click **Scan**.

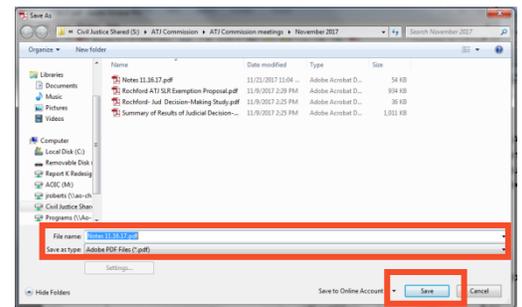

If you do not have a scanner at home, you may be able to scan your documents at the court, your public library, or other office supply store.

2. When it is scanned, the document will either:

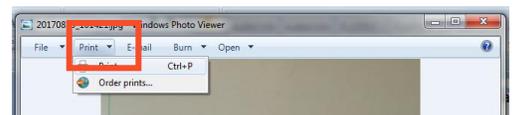

- Appear on the computer screen and you have to save it, or
- It will be sent to a folder on the computer and you will want to open it and save it with a file name that you choose.

3. With the document up on the computer, click **File** and **Save As**. A "Save As" box will pop up. When it does, name your file. You can choose to name it anything, but it should be something that helps you and the court identify the document. Make sure the "Save as type" box (under your file name) says PDF. Click **Save**.

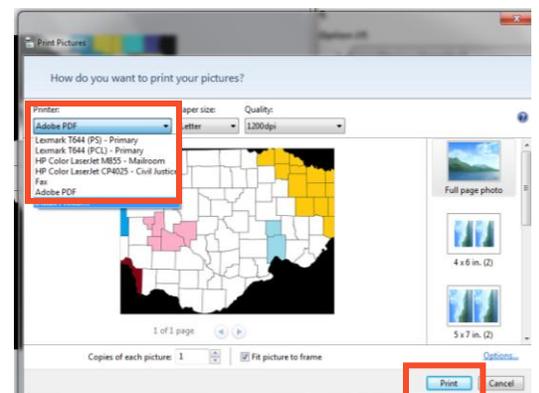

4. If your document scans in a different format like **JPG or PNG**, you will need to save it as a PDF.

5. To do that, select **Print**. This does not mean you are going to print the document. This is just the way that you can save the document in the right format.

6. When the "Print" box pops up click on the printer/destination labeled **Adobe PDF** or **Save as PDF**. Click on **Print** or **Save** or **OK**.

7. A "Save As" box will pop up. When it does, name your file. You can choose to name it anything, but it should be something that helps you and the court identify the document. Make sure the "Save as type" box (under your file name) says PDF. Click **Save**.

You may now e-file your court documents.

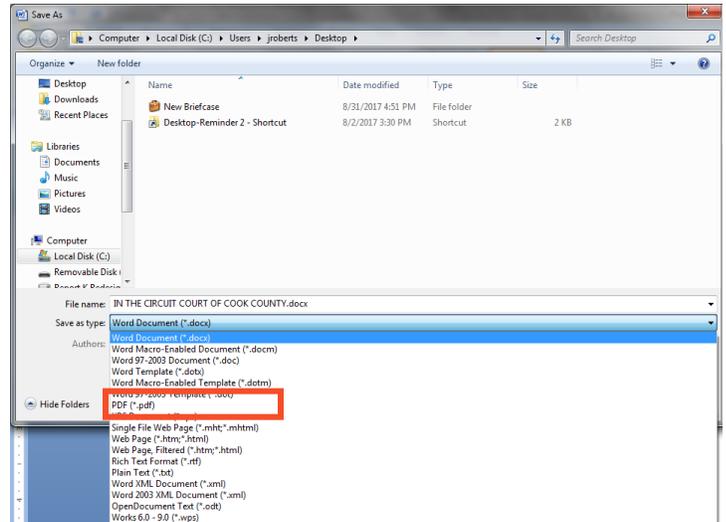

➔ Microsoft Word Documents

If you created your own document in Word, you will need to save it as a PDF document. There are two ways to do this.

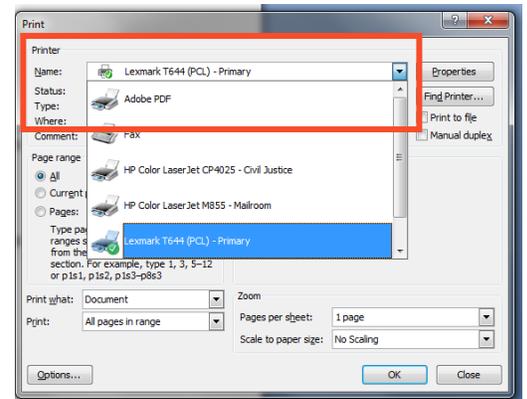

➔ Option 1

1. Click **File** then **Save As**.
2. A "Save As" box will pop up. When it does, name your file. You can choose to name it anything, but it should be something that helps you and the court identify the document.
3. Select the dropdown arrow for Save as type. Click on **PDF** or **Adobe PDF**. Click **Save**.

➔ Option 2

1. Click **File** then **Print**. This does not mean you are going to print the document. This is just the way that you can save the document in the right format.
2. When the "Print" box pops up click on the printer/destination labeled **Adobe PDF** or **Save as PDF**. Click on **Print** or **Save** or **OK**.
3. A "Save As" box will pop up. When it does, enter your file name. You can choose to name it anything, but it should be something that helps you and the court identify the document.
4. Make sure the "Save as type" box (under your file name) says PDF. Click **Save**.

 **You may now e-file your court documents.**

How to E-file in Odyssey Step 5: Add a Payment Account

E-filing Steps

- 1 • Prepare Documents
- 2 • Register
- 3 • Sign In
- 4 • Create New Password
- 5 • Add Payment Account**
- 6 • Case Information
- 7 • Party Information
- 8 • Upload Filings
- 9 • Pay Fees
- 10 • Review Summary / Submit

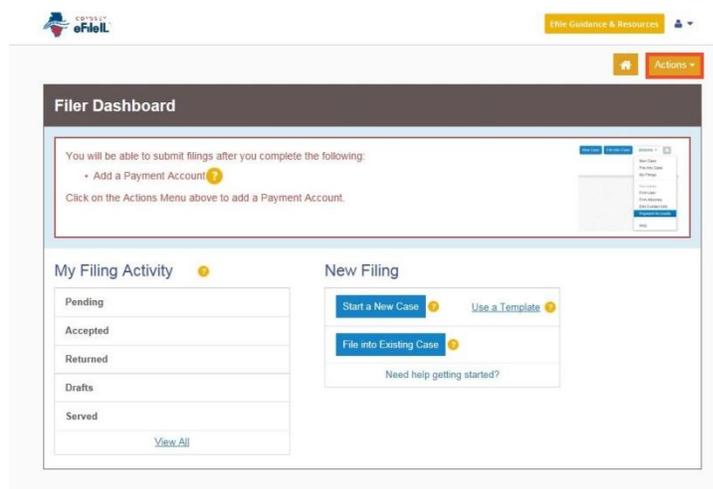

Add a payment account

Before you can e-file your court documents, you must add a payment account. If there is a filing fee due, it must be paid at the time of e-filing. **If you cannot afford the filing fee**, you still have to follow the steps to create a payment account, but can select "Waiver." This does not mean your waiver will be approved, and you may have to create another payment account and pay filing fees if the waiver is denied.

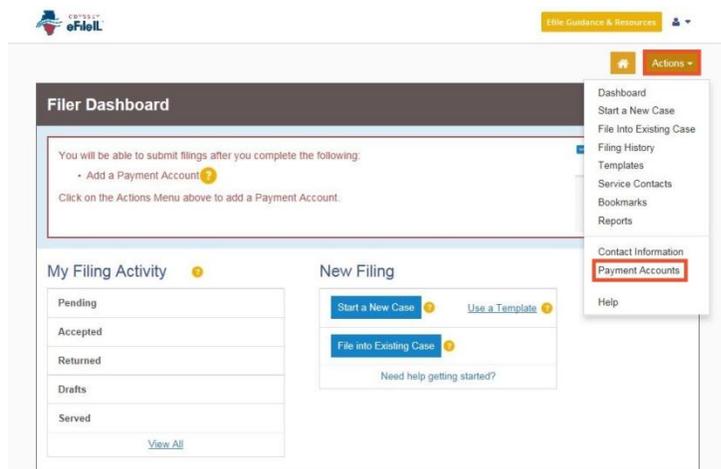

i If you can afford to pay your filing fee, you must have a credit card or a checking account to pay online. If you do not have a credit card or checking account, one option is to buy a pre-paid debit card from most major stores such as Walgreens, Walmart, or Target. **If you want to pay in cash**, you need to ask your local court to find out if they accept cash payments and what their process is for paying the filing fee in person.

➔ Click Payment Accounts under Actions

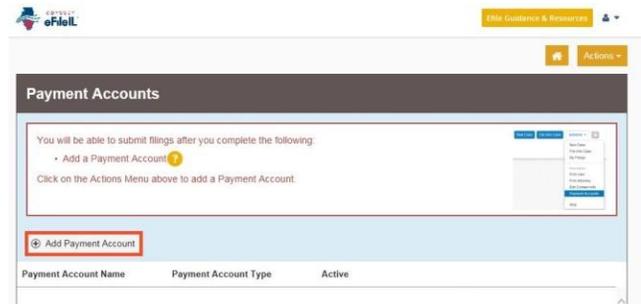

1. From the Home Page above Filer Dashboard, click the orange button for **Actions**.

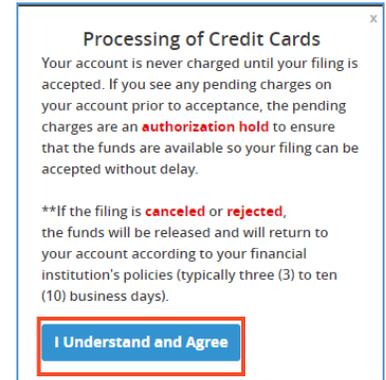

2. Under Actions click **Payment Account**.

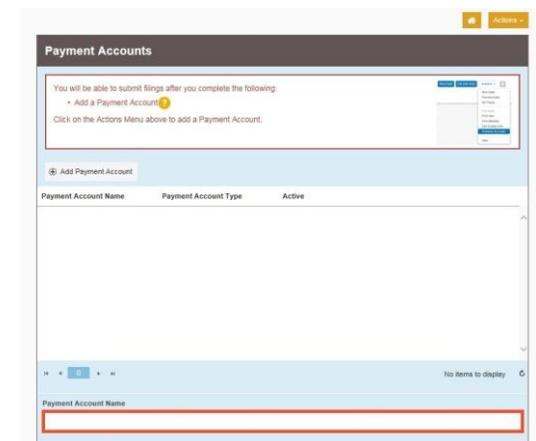

3. Click **Add Payment Account**.

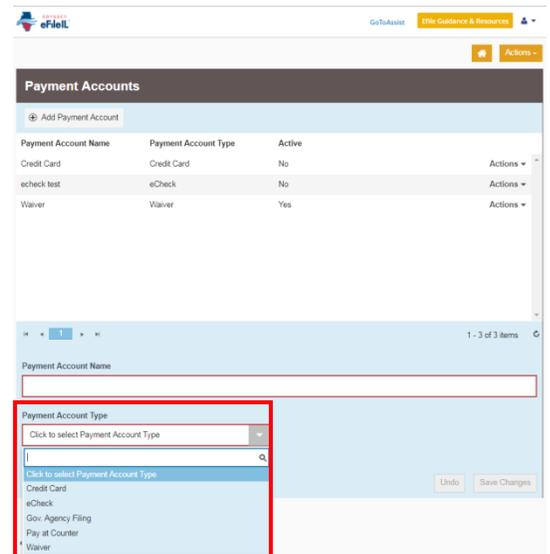

4. This pop up box will appear. Read the information and click **I Understand and Agree**.

5. Enter a name for the account payment. You may name it anything. This name is just so you can identify the payment account. This name will appear in Step 9: Pay Fees.

6. Select how you want to pay. The options are: **Credit Card, eCheck, Gov. Agency Filing, Pay at Counter, or Waiver**.
- Credit Card also includes prepay debit cards.
 - eCheck means direct payment from a checking or savings bank account.
 - Gov. Agency Filing option will not apply to a self-represented litigant.
 - Pay at Counter means that you want to pay in cash.
 - Waiver means that you are requesting the court to waive your filing fees because you cannot afford the fees.

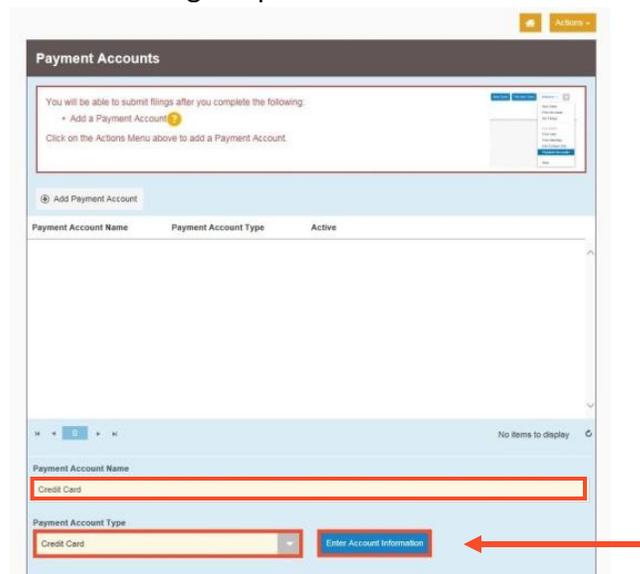

See the following pages for detailed information about each payment account type.

Credit card or prepay debit card

 There is a convenience fee for paying by credit card. You will pay an extra 2.89% of the total filing fee. If using a prepaid card, make sure to purchase it for the total filing fee plus 2.89%.

1. To use a credit card or prepay debit card, choose **Credit Card** in the drop down menu and create a Payment Account Name. This name is just for you to know which card you entered.

2. Click **Enter Account Information**.

3. Click the **Credit Card** bubble at the top. Enter your credit card or prepay debit card information and click **Continue**.

 The card must be Discover, Master Card, or Visa. If you want to use American Express, please check <http://efile.illinoiscourts.gov/active-courts.htm#legend> to see if your Location accepts it.

4. Review your card information, read the Terms and Conditions, and click **Save Information**.

Terms and Conditions
This is a confidential and secure site that does not disseminate confidential information to third parties. The effective date of the payment for Service Only Filings is the date the filing is submitted. The effective date of the payment for Electronic Filings or Electronic Filings with Service is the date the filing is accepted by the Court. By selecting the Save Information button you are authorizing the processing of transactions to this account for File & Serve activity.

5. If approved, the payment account will be listed in the box and the word "Yes" will be listed under active.

Payment Account Name	Payment Account Type	Active
Credit Card	Credit Card	Yes

You may now e-file your court documents and pay with a credit card.

eCheck (bank account)

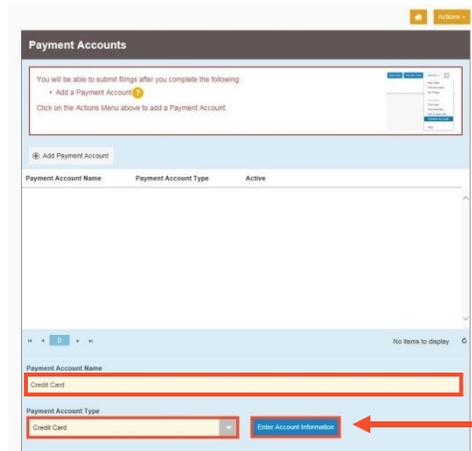

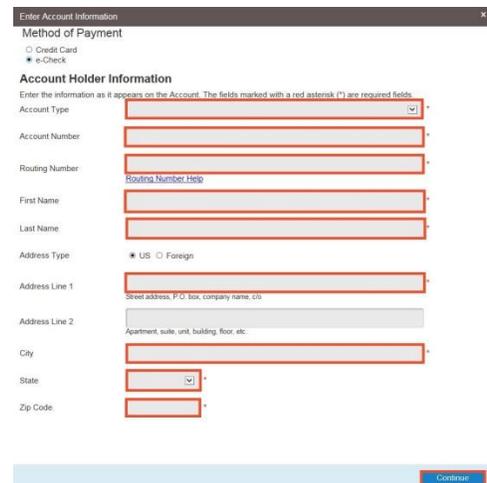

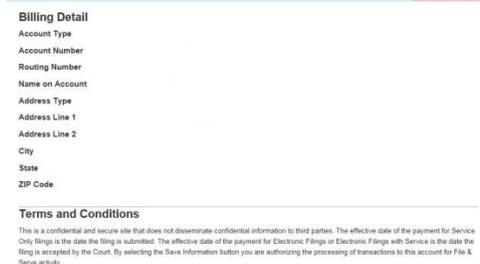

There is a convenience fee for paying by eCheck. You will pay an extra flat fee of 25 cents.

1. To pay using your bank routing and account number, choose **eCheck** in the drop down menu and create a Payment Account Name. This name is just for you to know which account you entered.
2. Click **Enter Account Information**.
3. Click the **eCheck** bubble at the top. Under Account Type, select whether you want to pay from your checking or savings account.
4. Enter that account information including account number and routing number. Click **Continue**.

If you need help finding your account or routing numbers on your check, click Routing Number Help under the Routing Number box.

5. Review your checking or savings information, read the Terms and Conditions, and click **Save Information**.
6. If approved, the type of payment will be listed in the box and the word "Yes" will be listed under active.

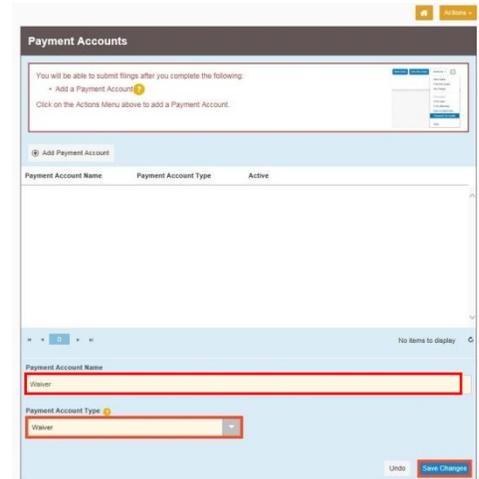

You may now e-file your court documents and pay with an eCheck.

Pay at Counter (cash)

1. If you want to pay in cash (and you've confirmed your local court accepts cash payments) choose **Pay at Counter** in the drop down menu and create a Payment Account Name. This name is just so you can identify the payment account.

2. Click **Save Changes**.

3. If you successfully chose Pay at Counter, "Pay at Counter" will be listed in the box and the word "Yes" will be listed under active.

Payment Account Name	Payment Account Type	Active	Actions
Cash	Pay at Counter	Yes	Actions
Credit Card	Credit Card	No	Actions
echeck test	eCheck	No	Actions
Waiver	Waiver	Yes	Actions

Important note about the Pay at Counter payment account

- Selecting the Pay at Counter Payment Account does NOT mean you are allowed to pay in cash. You must contact your local court BEFORE e-filing to find out if they accept cash payments. If they do not, you CANNOT use the Pay at Counter Payment Account for the purpose of cash payments and your filing may be rejected. Some courts may also require that you e-file in person at the courthouse to be able to use the Pay at Counter payment account.

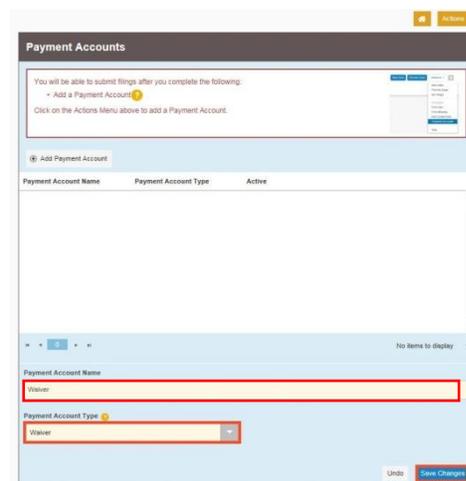

You may now e-file your court documents and Pay at Counter in cash.

Fee waiver

1. If you are going to file a fee waiver choose **Waiver** in the drop down menu and create a Payment Account Name. This name is just so you can identify the payment account.

2. Click **Save Changes**.

3. If you successfully chose Waiver, "Waiver" will be listed in the box and the word "Yes" will be listed under active.

Payment Account Name	Payment Account Type	Active
Waiver	Waiver	Yes

Important note about the Waiver payment account

➤ Selecting the Waiver Payment Account does NOT mean you will get your fees waived.

➤ If you are asking the court to waive your fees for the first time in this case, you must upload an *Application for Waiver of Court Fees* as a Lead Document. A judge will review your application and may require you to appear in court. You will receive an order either granting or denying your application. If your application is denied, you will need to create another payment account and pay your filing fees. If you do not upload the *Application*, your filing may be rejected.

This form is approved by the Illinois Supreme Court and is required to be accepted in all Illinois Circuit Courts. For Court Use Only

STATE OF ILLINOIS, CIRCUIT COURT	APPLICATION FOR WAIVER OF COURT FEES

For more information about how to upload the Application as a Lead Document, see *How to E-File in Odyssey Step 8: Upload Your Documents in the Filings Section*.

➤ If the court already approved your *Application* in this case, you do NOT need to submit another application, but you MUST upload a copy of the signed *Fee Waiver Order* when you submit your court filing. You still select "Waiver" as your payment account.

You may now e-file your court documents with an application for fee waiver.

If your case is not listed above, you are attempting to efile into a case that has yet to receive an electronic submission and the case is not searchable from the court's case management system.

You are still able to file into this case, but you will first be required to manually input the case information. Any additional filings on this case will not require the manual data entry.

Step 8: Upload Your Documents in the Filings Section

E-filing Steps

- 1 • Prepare Documents
- 2 • Register
- 3 • Sign In
- 4 • Create New Password
- 5 • Add Payment Account
- 6 • Case Information
- 7 • Party Information
- 8 • Upload Filings**
- 9 • Pay Fees

Upload documents and complete the Filings section

The documents you want to file with the court have to be uploaded into the system. This all happens in the **Filings** section after you have completed the Case Information and Party Information. The whole packet of what you upload to file is called an "envelope" in the e-filing system.

➔ Choose the Filing Type

1. Click on **Efile**.

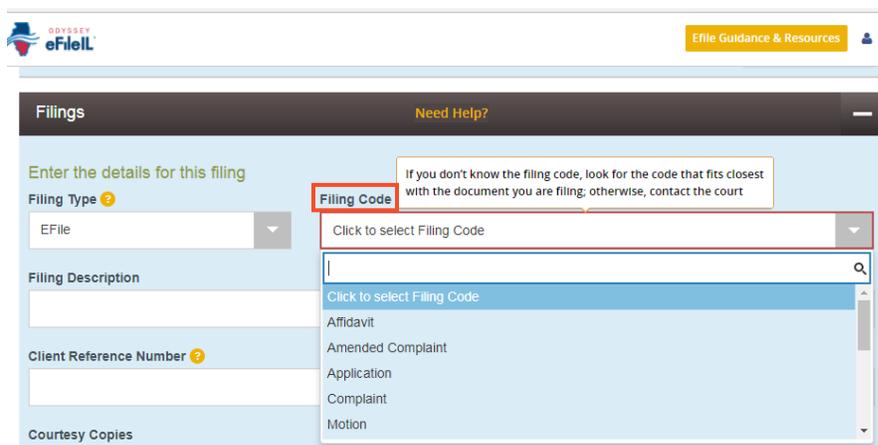

The screenshot shows the 'Filings' section of the Odyssey eFileIL system. The 'Filing Type' dropdown menu is open, showing 'Efile' as the selected option. A red arrow points to the 'Efile' option. The 'Filing Code' dropdown menu is also visible, with the text 'Click to select Filing Code'.

This box should be defaulted to Efile, but some Locations may also have Serve or EfileAndServe as Filing Type options. Make sure you select Efile or talk to your court staff about the other options. Note: selecting Serve or EfileAndServe does NOT qualify for service of process.

➔ Choose the Filing Code

1. Click on the **Filing Code** box for the drop down menu. Filing Code means the type of document that you are filing with the court (for example: Complaint, Motion, Waiver).
2. **Click** on the type of document you are filing.

The screenshot shows the 'Filings' section of the Odyssey eFileIL system. The 'Filing Code' dropdown menu is open, showing a list of document types: Affidavit, Amended Complaint, Application, Complaint, and Motion. A red box highlights the 'Filing Code' dropdown menu. A callout box above the dropdown menu contains the text: 'If you don't know the filing code, look for the code that fits closest with the document you are filing; otherwise, contact the court'. The 'Filing Type' dropdown menu is also visible, with 'Efile' selected.

If you don't know your Filing Code ask the court staff so there is no problem with your filing.

3. Once you select the Filing Code, you have the option of filling out four boxes, but they are not required.

- a. Filing Description (optional)
 - i. This is just for you to remember what you are filing.
- b. Client Reference Number (optional)
 - i. This is a tracking number for lawyers to use to know which client's case they are filing in. Since you are representing yourself, you won't use this box.
- c. Comments to Court (optional)
 - i. These comments are for the court reviewer to read when assessing your document.
- d. Courtesy Copies (optional)
 - i. You may enter a list of email addresses (separated by a comma) for where you want the document sent.

 **Note: this is a courtesy and does NOT qualify for service of process or proper notice.**

Explanation of Lead Documents, Attachments, and Document Size

What is a Lead Document?

- Any document that you need the court to look at to be able to give you what you want.
 - For example, if you want the court to grant your request to move your court date, upload your Motion for a Continuance as a Lead Document.
- All notice documents (such as a Notice for Court Date, Notice of Motion) are Lead Documents.
- You can file more than one Lead Document at a time.
 - For example, you could have Lead Document 1: Notice of Motion; Lead Document 2: Motion for a Continuance; and Lead Document 3: Application for Waiver of Court Fees.
 - An *Application for Waiver of Court Fees* is always a Lead Document and should be filed at the same time as your other documents. If the court already approved your Application for Waiver of Court Fees, you should file a copy of the approved *Order* as an attachment to anything you file after that.

What are Attachments?

- A category of filing that is only an option in some counties and for some types of Filing Codes. If you don't see Attachments as an option, file everything in the Lead Document section. You can do that by making the Lead Document and any attachments/exhibits one PDF, and upload as a Lead Document.
- Any document that you reference in your Lead Document, but is not technically part of the Lead Document. They are usually called exhibits or attachments.
 - For example, if you write an Answer in an eviction case saying why you shouldn't be evicted, that written explanation is the Lead Document. In the Answer, you reference a receipt for paying rent. The copy of the receipt could be labeled Exhibit or Attachment 1 and would be an Attachment, not a Lead Document.

What are the Document Size Limits?

- For Trial Courts, each document cannot be larger than 25MB and a combined total of 50MB per filing.
- For the Supreme Court and the Appellate Courts the file size limit is to 150MB.

➔ Upload First Lead Document (Required)

i All Lead Documents **MUST** be uploaded as separate Lead Documents or your filing may be rejected. This means that you have to scan or save each Lead Document separately so you can upload it separately. Generally speaking, most filings will have *at least* 2 Lead Documents: (1) the main document you are filing and (2) a notice or proof of delivery document.

i If any Lead Document is more than one page long, all the pages of the same document should be scanned/saved as one document and uploaded as one document. For example, if your Motion is 3 pages long, all 3 pages should be uploaded as one Lead Document.

1. Click on the **Upload Icon** under the Lead Document heading.

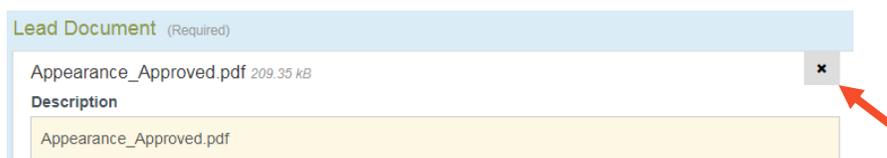

2. A Window will pop up where you will select your document.

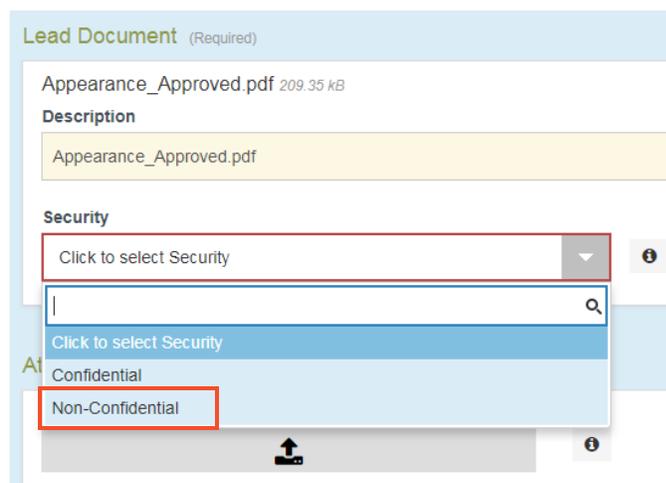

3. Find where the document is saved on the computer (desktop, documents folder, flash drive).

4. Select the document you would like to file and click **Open**. The document title will appear in the Description Box.

5. If you selected the wrong document, you can delete it by clicking on the **X** in the right corner.

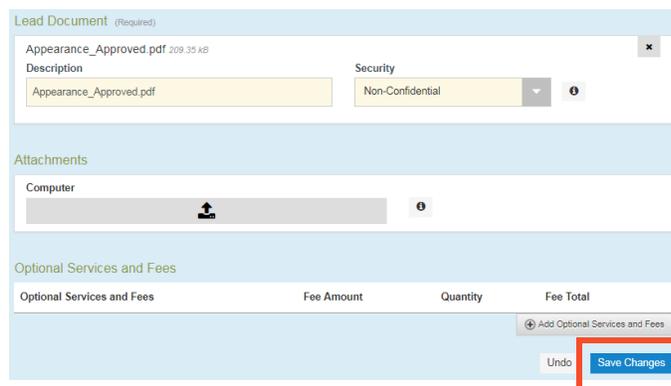

6. Once you have the correct document, select the drop down menu for the **Security** box. Click whether the document is public (non-confidential) or confidential.

i Most court documents are public (non-confidential) even though they contain personal information that you may like to keep private. You may need a court order to be able to select confidential. Please speak to court staff before selecting confidential because your filing may be rejected.

- If your Lead Document doesn't have attachments or optional services, Click **Save Changes**. If your Lead Document has attachments or you want optional services, see below.
